Achievement: Awarded the Pradhan Mantri Rashtriya Bal Puraskar for his Scholastic Achievements

No. of Participants: 600+ students, parents, professors, and principals, from different places all across India

Speaker/Presenter: Mr. Aniket Arora

Overview:

On September 30th, 2022, Knowledge and Awareness Mapping Platform (KAMP) organized the third episode of its series titled "Achievers-The Leaders of Tomorrow". This episode was conducted on the Zoom Video Communications Platform and its recordings are now also available on our Youtube channel.

Kamp is an initiative and knowledge alliance of CSIR-NIScPR and NCPL. The main objective of KAMP is to map the science process skills and scientific attitudes of young students based on their assessment and nurture them as future scientists in the country. KAMP believes that every student is blessed with a core talent and seeks to bring out the best in them through this platform. With this, they aim to inculcate critical thinking ability within them and fill in the gaps that prevent them from achieving their highest potential.

"Achievers: The Leaders of Tomorrow" is a series that aims to inspire students to be creative, discover their true potential, be inspired by great things in life, and help develop the nation through their unique ideas. For this episode, KAMP invited a young achiever, Master Avi Sharma, who has received the Pradhanmantri Rashtriya Bal Puraskar 2022 for his Scholastic

Achievements. Currently, at the age of 13, he is one of the youngest Motivational speakers, the Author of the Balmukhi Ramayan, the Youngest News anchor, the Child Artist for various TV shows, Host of an online show, Founder of Mission Sanskaar, Mentor of Vedic Math, as well as World Record & India Book of Record Holder.

With more than 600 participants, this episode of the "Achievers-The Leaders of Tomorrow" was graced by the presence of Dr Ram Shankar, CBSE Director (Training), Mr. Ashish Mittal, Member-KAMP Planning and Monitoring Committee, and Ms. Arika Mathur, Member-KAMP Planning and Monitoring Committee. Dr. Ram Shankar was in awe of KAMP's initiative and showed his keen interest in connecting CBSE with CSIR-NIScPR to create more such initiatives for the benefit of students.

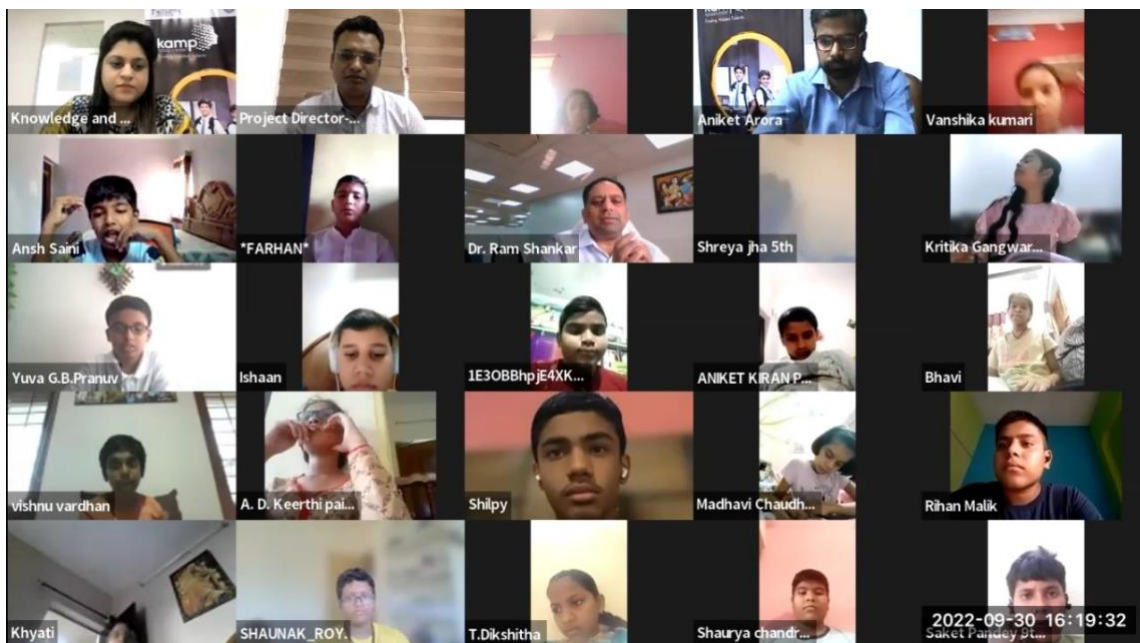

With his diverse experience, Dr. Ram Shankar shared some simple but effective tips for students to succeed in life. He mentioned that the students must aim to have better empathy, be system thinkers, develop more curiosity, have an open mindset, interpersonal relationships, better communication skills, tolerance, and follow professional ethics.

Avi utilised his lockdown (2020) to rewrite the Ramayana in Hindi in a short and melodious way named "BalMukhi Ramayana" in 250 Chands to spread moral values like respect, patience, obedience, bravery, and honesty. During Lockdown 2021, Avi taught Vedic mathematics to more than 150 children from classes 5 to 12 free of charge during the pandemic, to help students overcome maths anxiety. Recently, Avi has created an Alexa-like voice assistant named "MADHAV" to help old and disabled people with the python language of software, which he is learning on his own.

Overall, the interactive session with Master Avi Sharma was incredible. We had quite an enthusiastic audience who were given a chance to ask direct questions to Avi. Our audience came up with several questions related to Avi's awards, interests, how he manages such diversity, what are his future goals, who is his role model, how he focuses, which sports he plays, what difficulties

has he faced and how did he overcome them, what are the aspects of his childhood that he has missed or success came to him at what cost, and plenty of other questions serving their curiosity.

"Achievers-The Leaders of Tomorrow" is a series that aims to inspire students to be creative, discover their true potential, be inspired by great things in life, and help develop the nation through their unique ideas. In this series, KAMP is interviewing individuals who have achieved success using their innate talent or have done something exceptional or innovative in their life. wherein each episode will take place on the last Friday of every month at 4 pm.

This Interactive Series is open to all, and a detailed question-and-answer session can be found on KAMP's Youtube channel under the playlist titled "Achievers." Additionally, if you wish to participate, or nominate someone, you can send your entries via email to aniket@kamp.res.in or post your achievements and tag KAMP-Knowledge and Awareness Mapping Platform on Facebook or Instagram.
