Overview:

On January 27th, 2023, Knowledge and Awareness Mapping Platform (KAMP) organized the third episode of its series titled "Achievers-The Leaders of Tomorrow". This episode was conducted on the Zoom Video Communications Platform and its recordings are now also available on our Youtube channel.

Kamp is an initiative and knowledge alliance of CSIR-NIScPR and NCPL. The main objective of KAMP is to map the science process skills and scientific attitudes of young students based on their assessment and nurture them as future scientists in the country. KAMP believes that every student is blessed with a core talent and seeks to bring out the best in them through this platform. With

this, they aim to inculcate critical thinking ability within them and fill in the gaps that prevent them from achieving their highest potential.

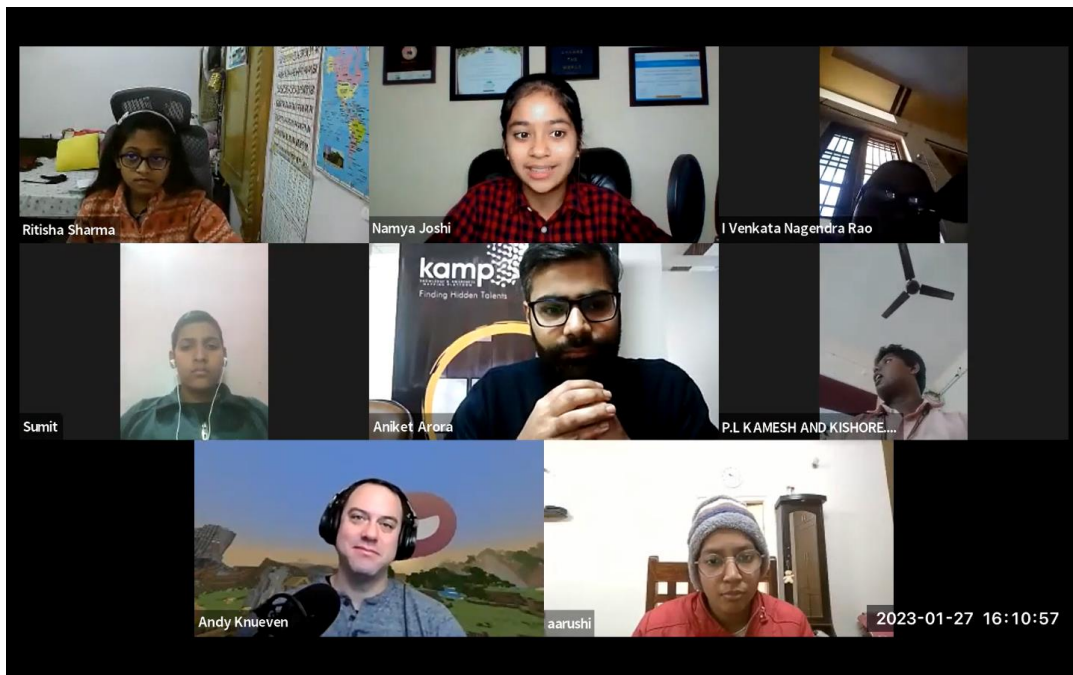

"Achievers: The Leaders of Tomorrow" is a series that aims to inspire students to be creative, discover their true potential, be inspired by great things in life, and help develop the nation through their unique ideas. For this episode, KAMP invited a young achiever, Ms Namya Joshi who is one of the Youngest Edupreneur in India. Currently, she has spent the last five years designing and delivering free-of-cost coding workshops for more than 15,000 individuals all over the world.

She is a Minecraft Mentor, Steeminist, Innovative Podcaster, YouTuber, Speaker, Author, and an Entrepreneur. For her distinguished accomplishments, she has also won many prestigious awards like the Pradhan Mantri Rashtriya Bal Puraskar 2021, the Diana Award 2021, Global Child Prodigy Award 2022, and is the youngest recipient of the Global E-Innovation Award 2019.

With more than 500 participants, this episode of the "Achievers-The Leaders of Tomorrow" was graced by the presence of Prof B. B. Dhar, Chairman - KAMP Planning and Monitoring Committee, Mr Ashish Mittal, Member - KAMP Planning and Monitoring Committee, Ms Arika Mathur, Member - KAMP Planning and Monitoring Committee and Mr Andy Kneueven, Professional Learning Specialist at insight2execution.

Overall, the interactive session with Ms Namya Joshi was an incredible one. We had quite an enthusiastic audience who were given a chance to ask direct questions to Namya. Our audience came up with several questions related to Namya's achievements, interests, how she manages such diversity, what are her future goals, who is her role model, how she focuses, what difficulties has she faced and how did she overcome them, and plenty of other questions serving their curiosity.

"Achievers-The Leaders of Tomorrow" is a series that aims to inspire students to be creative, discover their true potential, be inspired by great things in life, and help develop the nation through their unique ideas. In this series, KAMP is interviewing individuals who have achieved success using their innate talent or have done something exceptional or innovative in their life. wherein each episode will take place on the last Friday of every month at 4 pm.

This Interactive Series is open to all, and a detailed question-and-answer session can be found on KAMP's Youtube channel under the playlist titled "Achievers." Additionally, if you wish to participate, or nominate someone, you can send your entries via email to aniket@kamp.res.in or post your achievements and tag KAMP-Knowledge and Awareness Mapping Platform on Facebook or on Instagram.
